60 years of teaching little gems to sparkle

Support Our 60th Anniversary Auction

Thursday, May 6, 2027 | Harbour Town Clubhouse, Sea Pines

Dear Friend of The Children's Center,

Our 60th Anniversary Celebration Dinner and Auction, "60 Years of Teaching Little Gems to Sparkle," will take place on May 6, 2027, at Harbour Town Clubhouse in Sea Pines. This milestone event brings together longtime supporters, community leaders, and new residents who care deeply about families, quality of life, and the future of Hilton Head Island.

Would you consider donating an item or experience for our auction? One of the highlights of the evening is our signature silent and live auction featuring travel packages, spa experiences, golf outings, dining and beverage tastings, local entertainment, themed baskets, and one-of-a-kind creative pieces. Unique, experience-based offerings are always attendee favorites and spark competitive bidding.

Your gift will elevate our auction while introducing your business to an audience that deeply values community and supporting local establishments.

As a valued community partner, you'll receive prominent recognition throughout our event promotions. Building on the tremendous success of last year's online auction - which was especially popular with supporters unable to attend in person – we're excited to bring it back alongside our live event. This means your donation reaches an expanded audience well beyond the event room, including our mailing list of more than 2,000 subscribers and our active social media following. Last year's online auction campaign reached more than 23,000 unique accounts across the Lowcountry, and our auction launch post on Facebook alone drew more than 16,000 views and 800+ link clicks. We will begin listing auction donors on our website in late January and would be delighted to feature your business.

To be featured in printed materials and the online catalog, please submit your contribution by March 1, 2027.

Your support is more than a donation - it directly strengthens the foundation for child development, school readiness, and economic stability across the Lowcountry. When parents have reliable, quality care, they can work with confidence while their children thrive.

With appreciation,

Marsha Watson
