

Serving South Carolina's Lowcountry

Making high quality early education and childcare services available & affordable for working families - giving children a great start to life!

ABC GrowHealthy Level B Child Care Discipline Policy

Policy Statement

Praise and positive reinforcement are effective methods of behavior management of children. When children receive positive, nonviolent, and understanding interactions from adults and others, they develop good self-concepts, problem solving abilities, and self-discipline. Based on this belief, The Children's Center uses a positive approach to discipline and practices the following discipline and behavior management techniques.

WE DO

- Communicate to children using positive statements.
- Communicate with children on their level.
- Talk with children in a calm quiet manner.
- Explain unacceptable behavior to children.
- Give attention to children for positive behavior.
- Praise and encourage the children.
- Reason with and set limits for the children.
- Apply rules consistently.
- Model appropriate behavior.
- Set up the classroom environment to prevent problems.
- Provide alternatives and redirect children to acceptable activity.
- Give children opportunities to make choices and solve problems.
- Help children talk out problems and think of solutions.
- Listen to children and respect the children's needs, desires and feelings.
- Provide appropriate words to help solve conflicts.
- Use storybooks and discussion to work through common conflicts.
- Redirect the child to alternative situations
- Make changes to the learning environment by redesigning or enriching it
- Help the child see alternatives, make decisions and develop problem-solving skills
- Teach, model and encourage appropriate behavior
- Create simple and reasonable rules and work with other staff members to ensure consistency
- Create logical consequences

WE DO NOT

- Inflict corporal punishment in any manner upon a child. (Corporal punishment is defined as the use of physical force to the body as a discipline measure. Physical force to the body includes, but is not limited to, spanking, hitting, shaking, biting, pinching, pushing, pulling, or slapping.)
- Use any strategy that hurts, shames, or belittles a child.
- Use any strategy that threatens, intimidates, or forces a child.
- Use food as a form of reward or punishment.
- Use or withhold physical activity as a punishment.
- Shame or punish a child if a bathroom accident occurs.
- Embarrass any child in front of others.

- Compare children.
- Place children in a locked and/or dark room.
- Leave any child alone, unattended or without supervision.
- Allow discipline of a child by other children.
- Criticize, make fun of, or otherwise belittle a child's parents, families, or ethnic groups.

Conferences will be scheduled with parents if particular disciplinary problems occur. If a child's behavior consistently endangers the safety of the children around him/her, then the Director has the right, after meeting with the parents and documenting behavior problems and interventions, to terminate child care services for that particular child.

Note: If, at any point, there is an indication/suspicion that a child may have special needs, The Children's Center will inform the child's family and make contact with Baby Net for assessment and assistance.

I have reviewed the information with a member of The Children's Center staff and understand the ABC Grow Healthy Discipline Policy.
