

## LETTER FOR NON-PRICING CHILD CARE INSTITUTIONS Participating in the Child and Adult Care Food Program

Dear Parent/Guardian:

This letter is intended for parents or guardians of children enrolled in a child care center. The Children's Center offers healthy meals to all enrolled children as part of our participation in the U.S. Department of Agriculture's (USDA) Child and Adult Care Food Program (CACFP). The CACFP provides reimbursements for healthy meals and snacks served to children enrolled in child care. Please help us comply with the requirements of the CACFP by completing the attached Application for Free and Reduced-Price Meals in Child Care Food Program Forms (DSS Form 16160). This form will be placed in our files and treated as confidential information. All children in our program receive their meals free of charge, but the determination of eligibility category affects the amount of Federal funding received by us. Please review the following questions and answers and the instructions for completing the attached DSS Form 16160.

- 1. Do I need to fill out an Application for Free and Reduced-Price Meals form for each of my children in child care?** You may complete and submit one DSS Form 16160 for all children enrolled in child care in your household only if the children in child care are enrolled in the same center. We cannot approve a form that is not complete, so be sure to read the instructions carefully and fill out all required information. **Return the completed form to:** The Children's Center
- 2. Who can get free meals without providing income information?** Children in households getting Supplemental Nutrition Assistance Program (SNAP) (formerly Food Stamps), Family Independence (FI), or Food Distribution Program on Indian Reservations (FDPIR) can qualify for free meals. Foster children and children enrolled in Head Start are also eligible for free meals. You must provide supporting documentation of a child's enrollment in the Head Start program.
- 3. May I fill out a form if someone in my household is not a U.S. citizen?** Yes. You or your children do not have to be U.S. citizens to qualify for meal benefits offered at the child care center.
- 4. Who should I include as members of my household?** You must include everyone in your household (such as grandparents, other relatives, or friends who live with you) who shares income and expenses. You must include yourself and all children who live with you. You also may include foster children who live with you.
- 5. How do I report income information and changes in employment status?** The income you report must be the total gross income listed by source for each household member received last month. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last month's income as a basis to make this projection. If your household's income is equal to or less than the amounts indicated for your household's size on the attached Income Chart, the center will receive a higher level of reimbursement. Once properly approved for free or reduced price benefits, whether through income or by providing a current SNAP, FI or FDPIR case number, you will remain eligible for those benefits for 12 months. You should notify us, however, if you or someone in your household

becomes unemployed and the loss of income causes your household income to be within the eligibility standards.

- 6. What if my income is not always the same?** List the amount that you normally get. For example, if you normally get \$1000 each month, but you missed some work last month and only got \$900, put down that you get \$1000 per month. If you normally get overtime, include it, but not if you only get it sometimes.
- 7. What if I have foster children?** Foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals. Any foster child in the household is eligible for free meals regardless of income. Households may include foster children on the DSS Form 16160, but are not required to include payments received for the foster child as income.
- 8. We are in the military; do we include our housing and supplemental allowances as income?** If your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. Combat Pay, including Deployment Extension Incentive Pay (DEIP) is also excluded and will not be counted as income to the household. All other allowances must be included in your gross income.

In the operation of child feeding programs, no person will be discriminated against because of race, color, national origin, sex, age or disability.

If you have other questions or need help, call (843) 681-2739.

Thank you for your cooperation.
